United States Department of State

Washington, D.C. 20520
NOV 19 2004

Dear Mr. Speaker:

Pursuant to Section 36(c) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed license for the export of defense articles or defense services sold commercially under contract in the amount of \$50,000,000 or more.

The transaction contained in the attached certification involves the export of technical data, defense services and hardware to Mexico, Greece and France for the manufacture of electrical wiring harnesses and wiring harness panel assemblies for the F-16, C-130, P-3, S-3 and F-22 aircraft in the U.S.

The United States Government is prepared to license the export of these items having taken into account political, military, economic, human rights and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

Paul V. Kelly
Assistant Secretary
Legislative Affairs

Transmittal No. DDTC 094-04

J. Dennis Hastert,

Speaker of the House of Representatives.
